

The Children's Center Crier

December-February

With "winter" coming to an end we want to say Thank You to all our parents for such a wonderful past few months. The kids celebrated Christmas together and Valentines too. Thank you for all the participation in these celebrations!

We truly love each and every child here and are so happy that you are a part of our LSBCC family.

We have a lot of wonderful activities coming up in the Spring and we hope you will feel welcome to join in.

Lake Shore Baptist Church Mission Tree

We are so thankful for the way the Lake Shore Baptist Church congregation continually supports the Children's Center. One way they do that is through the Christmas Mission Tree. This year we were given gifts by members of the church for each and every classroom. Our teachers and children are blessed by the continual love and support from Lake Shore.

Classroom Curriculum

We hope you all have a chance to check out your child's classroom curriculum each week. Our Children's Center is a Texas Rising Star program which requires more focus on curriculum and the classroom learning environment. Our teachers are more than just caregivers, they are constantly seeking new ways to improve their classrooms and educate your children. Our teachers are required to have at least 30 hours of training each year. These trainings give our teachers opportunities to continue investing in your child.
